Our Foreign Exchange Student

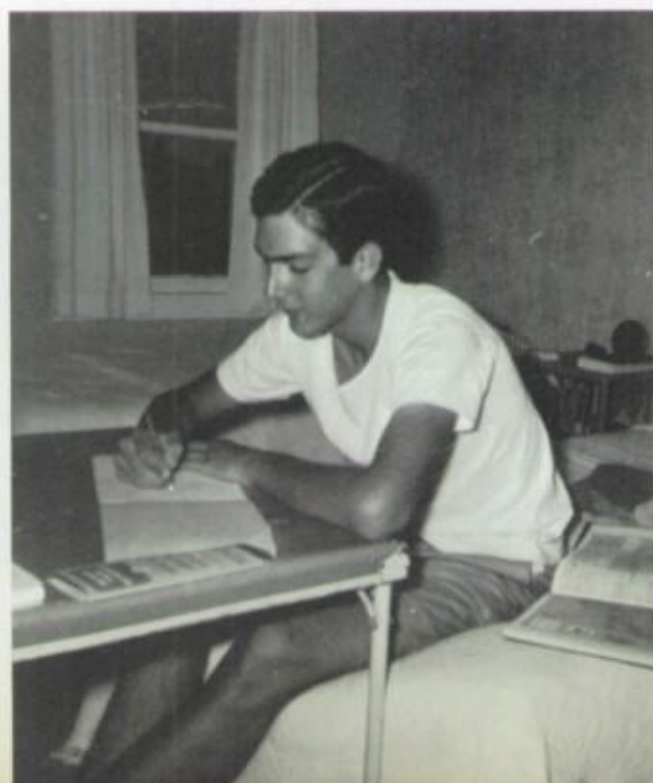

Antonio Bressan Filho is our third American Field Service exchange student. Tony, as he's known to his friends, comes from Cachoeiro de Itapemirim, Brazil. His father is Antonio Bressan and his mother Analia Bressan. He has two sisters and one brother.

Among his Brazilian activities are hunting, editing a newspaper, participating in the Inselect Club, and holding the office of class president for seven consecutive years. His main interest now lies in medicine, and he plans to be a cardiologist.

Tony's sense of humor and friendly personality have made him a favorite at B.C.S. and one who'll be remembered.

The Chapples, Tony's host family; Tom, Susie, Mr. Chapple, Patty, Tony, and Mrs. Chapple.

Americans Abroad Program

Another phase of the A.F.S. is the Americans Abroad Program. Marcia Hamlin was Bloomfield's first student diplomat. She spent last summer with the Tomas Caldito family in Lingayen in the Philippines. While there she attended school and became a member of a Filipino family. She returned with memories of the warm hospitality of the people and the friendship between the Philippines and America.

This year, Bloomfield was especially lucky to have a second student, but here under the auspices of the International Christian Youth Organization, sponsored by the East Bloomfield Methodist Church. Kathrina Weisand comes from Baden-Baden, Germany. Her mother is an actress in Germany and her father is a doctor.

Besides being the possessor of a beautiful smile and accent, her sense of humor is warm and ever-present. Known to whisper back to hoarse history teachers, she's always cheerful. She loves American food and Americans themselves. Like Tony, she'll be greatly missed when she has to return to her real home.

FACULTY

Mr. Ryther's Message

Sincere best wishes to each member of the class of 1966. Your yearbook is a storehouse of events which will be treasured memories in a few short years. Your class has made a good record for itself and all of the individual accomplishments are a part of the whole record. In growing as individuals, as well as working together as a class, you may well look back upon your high school days as the period of time when you all had the opportunity to realize the total import of the following four short lines by Paul Workman.

I quote:

To dream your ship comes in
Is really very nice
And ships will come to everyone
Whose efforts pay the price.

As you go forward in life, I wish for each of you the opportunity to make the best of all that the future may hold in store for you.

The Nurses' Club is one of Bloomfield's most active and valuable service organizations. They help doctors during inoculation clinics, and hold an annual clothing drive.

It serves as good training for those girls who view nursing as a definite occupation. This year it can be especially proud of Margaret Chapman and Joyce Nichols, who have both received nursing scholarships.

These are self-explanatory.

No Ma. Not peas again.

I guess a peek at the midterm might be worth a couple of dollars.

I guess this is a little too complicated for someone my age.

Are you sure two police cars followed me to school?

Some day I'll be able to say "I knew him when."

I must say, this is a novel way to serve lunch.

Who wouldn't want a power house mind like this?

Get your hands off your chin and help me find your eyes.

"You can keep this dissection business!"

"This little piggy went to market..."

The "Shackmen" at work.

What's he doing looking through my window?

At least it beats English class.

Is there no privacy in this world?

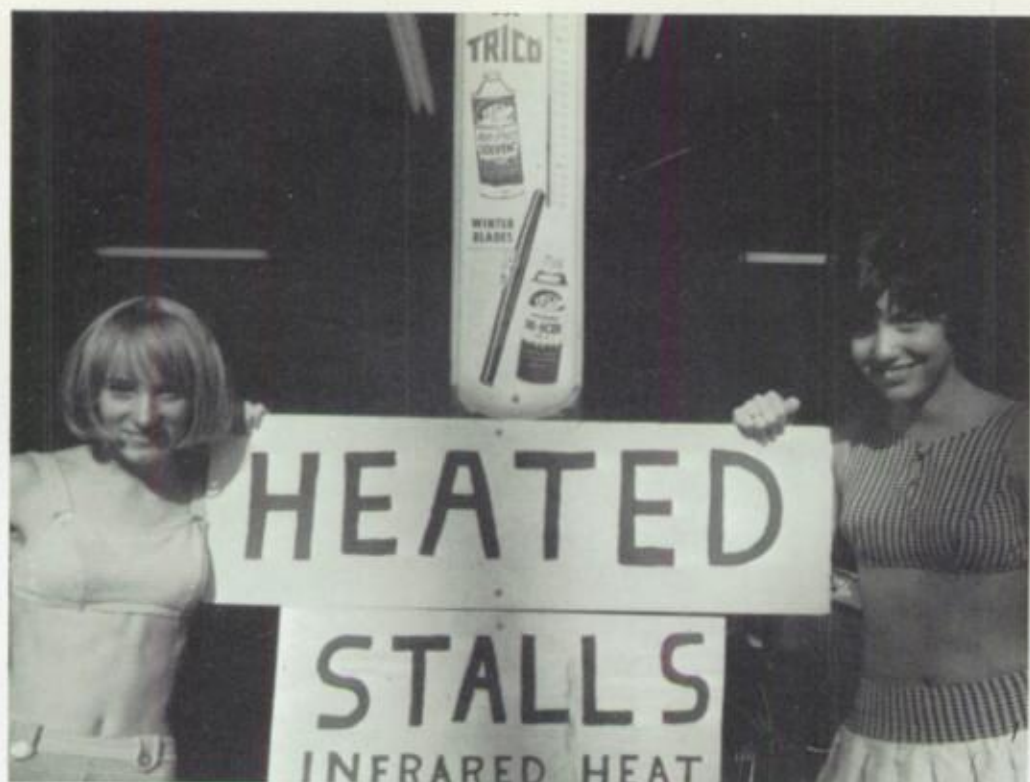

Well at least you got a souvenir baseball.

Well if we don't excite them, nobody can.

Just think! Fifteen and engaged already.

It isn't really all that hot.

This is just an example of my natural habitat.

But how could you kick me out, Dad?

The "Last of the Mohicans".

The "Littlest Hobo".

Don't you have anything stronger?

They promised me a prince when I wake up.
